

National Drive Electric Week

at

**CE-CERT at the University of California, Riverside on
Sunday, September 10, 2017 - 11am to 3pm**

Join the National Drive Electric Week event in the Inland Empire being held on Sunday, September 10, 2017 at CE-CERT, University of California at Riverside, 1084 Columbia Ave, Riverside, CA. Information booths for electric vehicles and renewable energy will be under the solar canopy in the parking lot along with ride-and-drives for plug-in electric vehicles.

There will also be food trucks and games for the kids.

The Inland Empire's National Drive Electric Week event is one of more than 100 across the country where electric vehicle owners and their neighbors will hold ride-and-drives, electric car parades, and "tailpipe-free" tailgate parties. There will also be recognition of leaders promoting EVs, announcements of new public EV charging stations and other public events. The national event highlights the clean-air benefits and cost-savings of electric cars during the week of September 9-17, 2017.

About Plug In America: *Plug In America is the nation's leading independent consumer voice for accelerating the use of plug-in electric vehicles in the United States. Formed as a non-profit in 2008, Plug In America provides practical, objective information collected from our coalition of plug-in vehicle drivers, through public outreach and education, policy work and a range of technical advisory services. Our expertise represents the world's deepest pool of experience of driving and living with plug-in vehicles. The organization conceived National Drive Electric Week and has advanced workplace charging by pioneering ride-and-drive events at such leading corporations as Google, Mattel and Paramount Pictures. We drive electric. You can too. pluginamerica.org*

About the Sierra Club: *The Sierra Club is the nation's oldest and largest grassroots environmental organization with more than 2.4 million members and supporters and chapters in all 50 states. The Sierra Club's national electric vehicles initiative advocates for a switch to EVs as one important way to reduce emissions and cut oil consumption. Sierra Club is proud to have been one of the three national groups organizing National Drive Electric Week since its inception in 2011. www.sierraclub.org/EVGuide.*

About the Electric Auto Association: *The Electric Auto Association, formed in 1967, is a nonprofit educational organization with 75 chapters worldwide that promotes the advancement and widespread adoption of electric vehicles. www.electricaauto.org.*

About CE-CERT: *The University of California, Riverside – Bourns College of Engineering – Center for Environmental Research and Technology (CE-CERT) is the largest research center on campus, bringing together multiple disciplines throughout campus to address society's most pressing environmental challenges in air, energy, and transportation. The distinctive mission of the University of California is to serve as a center of higher learning, providing long-term societal benefits through transmitting and discovering advanced knowledge and functioning as an active working repository of organized knowledge. CE-CERT's mission addresses all three aspects of UC's overarching mission: research, education, and public service. www.cert.ucr.edu.*
