February 1st**
to ensure a low registration cost of \$70:
www.cert.ucr.edu/events/solar2018.html

WHEN:

8:00 a.m. to 4:00 p.m.

WHERE:

Bourns Technology Center
1200 Columbia Ave., Riverside, CA 92507

HOSTED BY

UCR | Center for Sustainable
Suburban Development

UCR | College of Engineering-Center for
Environmental Research & Technology

SCRISE

Southern California Research
Initiative for Solar Energy

WHO SHOULD COME:

This fourth annual conference is designed for city leaders, planners, council members, businesses, utility companies, and the general public. Panelists will present on the state of solar energy by discussing the latest technology, public policy/regulations, economics, and the associated environmental/sustainability benefits of renewable energy. Attendees will learn about the challenges and opportunities for incorporating solar energy plus batteries and deploying microgrid systems in their communities, including revenue opportunities, local policies, and initiatives already in place.
