

EASTSIDE CLIMATE COLLABORATIVE
Transformative Climate Communities Program (TCC)
Affordable Housing and Sustainable Communities Program (AHSC)

<https://www.sgc.ca.gov/programs/tcc/>

<https://sgc.ca.gov/programs/ahsc/>

Overview: TCC and AHSC Grants are offered through the State Department of Conservation to fund affordable housing, smart transit and walkable communities, urban greening, and solar and water/power efficiency projects, among a wide range of activities. Everything funded under the Grants must lead to greenhouse gas reductions and healthier communities over time.

Amount: In June of 2020, the City of Riverside and its community partners were awarded two grants totaling \$31,221,206 from the TCC and AHSC Grant Programs.

Project Area: A Grant project area centers around the City’s 7th and Chicago (Entrada) housing project and will contain most of the Eastside from the City’s Downtown Metrolink station to UCR.

Grant Partners: The City of Riverside is the lead applicant on the TCC Grant, and a co-applicant on the AHSC Grant, in partnership with County of Riverside, University of California at Riverside (UCR CE-CERT), Riverside Community Health Foundation, Riverside Unified School District, GRID Alternatives, Wakeland Housing Development, Riverside Transit Agency, Community Settlement Association, Santa Ana Watershed Project Authority, Western Riverside Council of Governments, Tree People, and Eastside community groups and community members.

Timeline: Projects to begin in January of 2021 and to continue for four years.
