

J. Wayne Miller and Thomas D. Durbin Graduate Research Award – up to \$1,000

Description:

The J. Wayne Miller and Thomas D. Durbin Graduate Research Award is dedicated to the UCR CE-CERT Emissions and Fuels Research (EFR) group faculty advisors: J. Wayne Miller, Thomas D. Durbin, Kent C. Johnson, Georgios Karavalakis, and David R. Cocker, who have mentored many chemical and environmental engineers over the years. This award is named after the two elder advisors from the EFR group. Through this award the EFR alumni recognize and celebrate the faculty mentorship, dedication and hard work which helped to launch many successful careers for Bourns College of Engineering alumni in the engineering field. The goal of this scholarship is to provide inspiration and an example of perseverance, hard work and commitment to future graduate students, just as our advisors did for us during our university research experiences.

Eligibility:

1. Have a working relationship with CE-CERT, preference for a student associate with CE-CERT's Emissions and Fuels Research Group.
2. Be a full-time, or plan to be graduate student at the University of California, Riverside;
3. Be currently, or plan to pursue a graduate degree in engineering at the Bourns College of Engineering
4. Have a minimum grade point average of 3.0.

To Apply:
